

## CLARIFICATIONS AND PMU RESPONSES TO INITIAL SELECTION DOCUMENT (ISD) FOR EEP PHASE II PROJECTS

S/N	FIRM'S CLARIFICATIONS	NEP-PMU RESPONSE
1.	For the specific experience Form 2.4.1 (a) it is not stated which type of supporting documentation shall be attached to the form. Normally a completion certificate is required.	Copies of the following verifiable documents will be required:  Signed letter of Award of contract; signed contract agreement; interim payment certificates; substantial/completion certificates including contact details of Employers.
2.	<p>1. The general experiences and specifically experiences can be shared between Group company and its equity associated subsidiaries or not ?</p> <p>2. the general experiences and specifically experiences can be shared between brothers company of one Group or not?</p> <p>3. Financial Capabilities can be shared between Group company and its equity associated subsidiaries or not?</p>	<p>Whilst the specific experience requirements can be met jointly (or in combination) by the participating joint venture (JV) members, the general experience requirements cannot. Each JV member must meet this requirement individually. (See Section III, 4.1 and 4.2(a)).</p> <p>----- Same as above -----</p> <p>The financial capability requirements can be met jointly (or in combination) by all the JV members. (See Section III, 3.1).</p>
3.	A pre bidding meeting is NOT stated in the application document, as such, i would like to send a list of questions that would enable us to come up with the best design solution. also, can you please send or inform on how to get the technical audit of the locations to be electrified? Energy audit / load profile to be more precise.	We will be happy to receive your questions, which will be duly answered. A bidder's meeting will be held at the RFP stage. The load profile, energy audit and audit of electrical appliances will also be provided at the RFP stage.
4.	I'm preparing the initial selection document for project REA-NEP/GO/IS/RFP/105/20A-G. Now, I have following question need your further clarification:	

	<p>From the document, we can see 'A firm is not permitted to participate for initial selection for the same contract both as an individual firm and as a part of a joint venture or as a subcontractor.'</p> <p>My question is: what does 'same contract' mean? Can one company participate different lots in the name of different JV with different partner? Either as lead member or non-lead member.</p> <p>Case 1. Company A (lead party) + Company B JV take part in Lot 1 and Company A (lead party) + Company C JV takes part in Lot 2 is allowed?</p> <p>Or</p> <p>Case 2. Company A (lead party) +Company B JV take part in Lot 1 and Company C (lead party) + Company A JV takes part in Lot 2 is allowed?</p> <p>2. Let's assume a extreme scenarios: Company A joins with 7 different company to form 7 different JV, JV1-JV7, take part in Lot1-Lot7 respectively, in these 7 JV, Company A will act as non-lead member, is it possible for these 7 JV will awarded all 7 Lots or more than 2 Lots?</p>	<p>“Same contract” means “Same Lot”.</p> <p>Yes, a company can participate in different lots as a joint venture (JV) partner. (See Addendum No. 1 to ISD). “Applicant may propose to bid for more than one lot, but may not be awarded contracts for more than two (2) lots”.</p> <p>Yes, Case 1 is allowed. (See Addendum No. 1 to ISD).</p> <p>Yes, Case 2 is allowed. (See Addendum No. 1 to ISD).</p> <p>This is allowed. However, an “Applicant may propose to bid for more than one lot, but may not be awarded contracts for more than two (2) lots”. (See Addendum No. 1 to ISD).</p>
5	<p>Is the Bidder to submit both the Technical Bid and Financial bids for this project?</p> <p>In the bid document shared there is no quantity for metering assets nor is there any provision for distribution assets.</p>	<p>Applicants are not expected to submit the technical and financial proposals during the initial selection process.</p> <p>These proposals will be requested at the next stage of the Request for Proposals (RFP).</p>
